

Wall Mount Nitrogen Generators

for Dry Pipe & Pre-Action Sprinkler Systems.

General Air Products Wall Mount Nitrogen Generators are specifically designed to provide on-site, high purity nitrogen for use in dry and pre-action fire sprinkler systems and Utilize a simple, low-profile design ready to be connected to a new or existing system. Each Wall Mount Nitrogen Generator includes an integrated fire protection air compressor specifically designed to fill the sprinkler system to supervisory pressure within 30 minutes per NFPA 13. General Air Products Wall Mount Nitrogen Generators provide a reliable and efficient method of producing a minimum of 98% nitrogen at the point of usage which will inhibit corrosion and improve the life of the sprinkler system.

50Hz
Cycle

FM

APPROVED

Included With Every Wall Mount Nitrogen Generator:

Fire Protection
Air Compressor

38 Liter N2
Storage Tank

Portable N2
Analyzer

.76 Stainless Steel
Flex Hose w/Union

Vibration
Isolation Pads

Features and Benefits

- Turn-key Design for Easy Installation
- Premium Nitrogen Membrane Technology
- 98%+ Nitrogen Purity Standard
- PLC Controller for Data Recording & Simplified Operation
- Bypass & Leak Detection Alarms
- Contacts for Tie-in to Building Monitoring System
- Lifetime Customer Service & Technical Support

* N2 storage tanks come in horizontal or vertical configurations. Specify when ordering.

*60 Hz units also available. Contact factory for details.

Note: All information is subject to change without notice. Consult factory for most up-to-date product details

Nitrogen Generator System Accessories:

AIR MAINTENANCE DEVICE

Part # AMD-1

Required to regulate the volume of air being delivered to the sprinkler system. General Air Products Air Maintenance Devices are UL listed & FM approved.

PURGE VENT / SAMPLING PORT

Automatic Purge
NPG-APV

Provides a simple and reliable way to purge oxygen from the sprinkler system during the nitrogen fill process and monitor the nitrogen purity throughout the entire fire sprinkler system.

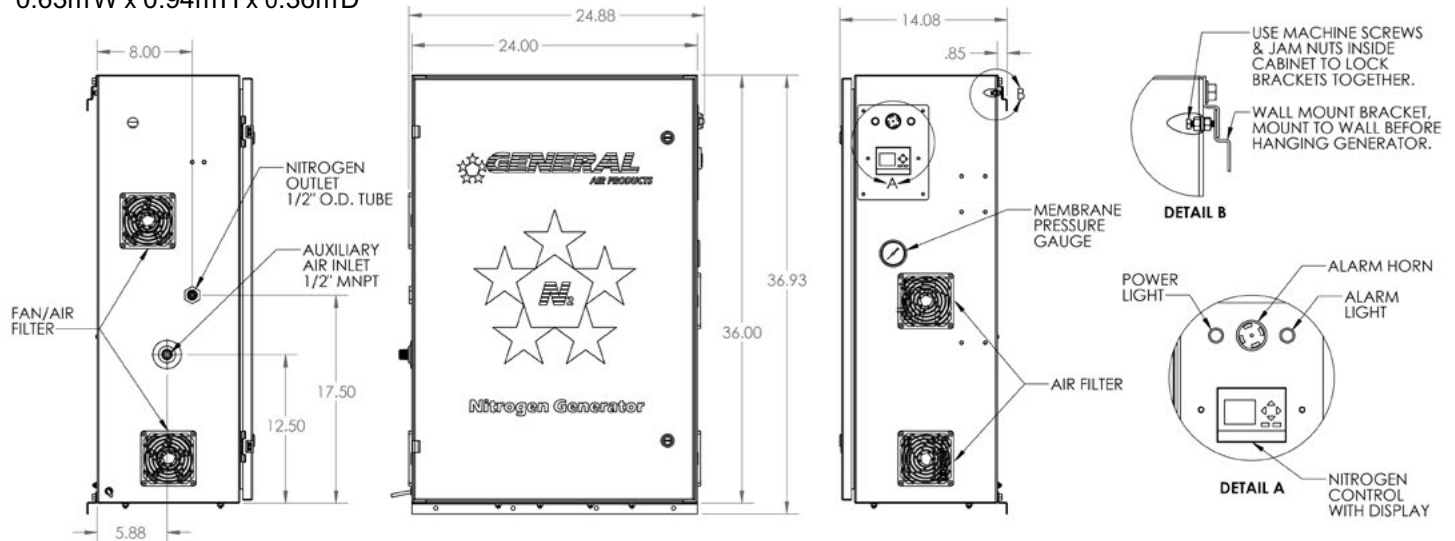

Manual Purge
NPG-PV-1

Wall Mount Nitrogen Generators for Dry Pipe & Pre-Action Fire Sprinkler Systems

Wall Mount Nitrogen Generator Cabinet Details

0.63mW x 0.94mH x 0.36mD

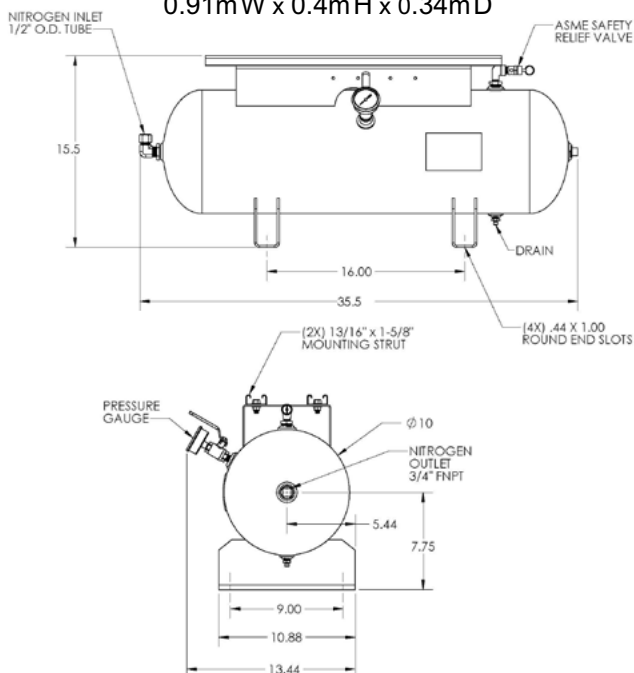

- The nitrogen generator cabinet can be mounted to a wall, floor or the horizontal N2 storage tank.

38 Liter Nitrogen Storage Tank Details (Horizontal & Vertical Tanks Available)

Horizontal Tank

0.91mW x 0.4mH x 0.34mD

Vertical Tank

0.25mØ x 0.94mH
